
SERVICE CENTER MONTERREY - REOPENING

With a commitment to offer highest quality and best service, Mitsubishi Electric of Mexico, reopened its service center in Monterrey.

With presence in Mexico since 40 years ago, Mitsubishi has checked Mexican market is one of the most important globally, within our country, one of the major markets is Monterrey.

That's why, Mitsubishi Electric Mexico has re-opened its facilities within the city, at its new address: Tlaquepaque N° 4867, Col. Los Altos, Nuevo Leon. The site has a greater storage capacity and it is specifically dedicated to comprehensive care that different client's area require.

Reopening was on December 1st. Mitsubishi Electric Mexico, Director General, Kazunari Takagi said: "We are happy about our Monterrey base reopening, where we are offering to our customers a significant improvement in all services. Not only it will have executive's sales, also staff contracts, installation, verification work, collection and more maintenance staff, all of them focused on the same goal".

Our Administration and Sales Director, Mitsubishi Electric Mexico, Benjamín Jaramillo Chavira said: "Monterrey is one of the most important Mexico's places, Mitsubishi Electric is an international brand committed to quality and good service. I can assure you that company's commitment is to provide a professional work that satisfies their needs".

Mitsubishi Electric Mexico wants to be leader in production, sale and maintenance of elevators, escalators, electric transport and spare parts in Mexico, always offering quality and good service.

In Monterrey they are conducting their work in different projects, some of the most prominent are Mitsubishi elevators installation in KOI towel at San Pedro Garza Garcia and spare parts supply for Metrorrey System lines.
