About Us

NTI AG is a global manufacturer of high quality tubular style linear motors and linear motor systems and thus focuses on the development, production and distribution of linear direct drives for use in industrial environments. Founded in 1993 as an independent business unit of the Sulzer Group, NTI AG has been in operation since 2000 as an independent company.

e-F@ctory Solutions Provided

LinMot offers its customers a sophisticated and dedicated linear drive system that can be easily integrated into all leading control systems. A high degree of standardization, delivery from stock and a worldwide distribution network insure the immediate availability and excellent customer support. Our product range is adjusted to provide the customer with all the necessary components for linear drive systems from a single source. With continuous additions to our product lines, we seek to enhance the suitability of our linear motor solutions for a wider range of applications.
