About Us

Zimmer Group's success is driven by about 1,300 employees worldwide. With no challenge being too great, solving specific issues for sectors such as pharma, healthcare as well as clean room applications, mobility, consumer goods and logistics, packaging and palletizing, providing comprehensive solutions is guaranteed. With its focus on innovation, Zimmer Group develops and produces necessary key technologies combined with intelligent components and digital networking.

e-F@ctory Solutions Provided

Under the slogan "THE KNOW-HOW FACTORY", Zimmer Group manufactures key components for automation challenges as well as complex and ready-to-use EOATs, grippers, and tool changers. They also specialize in industrial shock absorbers, motor spindles, linear clamping, and braking elements. The company is among the leading manufacturers in the automation industry with standardized solutions for mechanical and plant engineering that have become globally recognized as high-quality, durable products.
